

Announcement for the
GRADUATE METHODS REVIEW
EXIT EXAM

Graduate Studies
Department of Economics
Queen's University

Abstract:

The exam will take place on

Monday, September 27, 2004

2:30PM-5:00PM

MacCorry D214

- ◇ Students can use any reference material they wish that is *written in their own hand*. All reference material will be handed in with the exit exam to form the “notebook.” Notebooks will be returned to students within two weeks of the exam (hopefully sooner).
- ◇ The exam will ask students to:
 - ◇ Demonstrate knowledge of important definitions by being able to classify functions, matrices, random variables, sets, etc.
 - ◇ Demonstrate knowledge of basic important results concerning statistics, calculus, and matrix algebra. This might include providing examples, counter-examples, sketches of graphs, etc.
 - ◇ Set up and analyze problems and simple proofs.
- ◇ The exam will include some elements of choice in questions to answer. The amount of algebra required will be limited.
